Keyth Technologies  
1575 Oakwood Avenue  
Highland Park, Illinois 60035

Dear Keith:

Per our discussion, the following is the Northbrook Police Department policy on burglar alarm activation responses.

Our policy on Emergency Vehicle Operations is that a typical burglar alarm call will not generate an emergency response. If an incident is reported in which a burglar alarm activation is confirmed by video surveillance of a subject or subjects forcing entry to a property, the incident would be more likely responded to as an in-progress call, which may generate an emergency response as warranted. Specific circumstances of any given incident control the type of response at the time.

I hope this information is helpful. Please let me know if you need anything further.

Sincerely,

Northbrook Police Department
